

was new to member2member Interflora... 1 order only!

busy enough without relay

about the same as previous years

better than normal

Less orders

did not really affect us as we do not do a lot of relay at valentines

Didn't notice any difference with eflorist

Cut off on Friday, too soon.

Site closed down early

less through eflorist

Eflorist orders were down on last year

we saw an increase in orders

Less than last year

Slow Relay orders D2F

interflora are a great support

Eflorist, most declined as under value

less orders than last year

Good number of orders

Busier than last year.

We set a very low number for relay orders and focused on locally generated business

Did not use, concentrated on local orders only

Not affected

Had to close relay as we could only do certain amount of deliveries due to shop front closed for
i am a member of d2f and had more orders from them than last year

Slightly increased

Numbers down!

Busy

I believe the stronger shops get with their own web sites it affects relay and volume of orders e:
we capped our orders with interflora as prices were not realistic

Up from last year

Orders went up dramatically

same as last year just more mixed bouquet

Same

Just resigned

Business up on last year

Less than last year

Would never be a member

Significantly more orders than usual. We reached capacity on Saturday and had to stop taking

not busy with eflorist

Busier than last year

not many orders

we set our daily limits ourselves, relay orders much as last year

We restricted order numbers for relay

Busier

Yes

took less from interflora

I am in southern Ireland

Just started my business

less orders and late coming in

had to reduce number of orders

It was rubbish no orders came in between tue to sun

Busier than last year.

we where told to buy big, as it was supposed to be huge! It never really got off the ground

Increase in orders

neither more nor less orders than last year, I did expect there to be more

Massive increase in sales

No valentines orders

busier

def less orders

No relay orders received

About the same, maybe a little less

More orders
