

## BFA Mothers Day survey 2022

### Q12. Responses

No , But I told them the spring was British flower

Hahaha it's Scotland we Never get any!!!

Would love to stock more English flowers but supply isn't easy when you only require small amounts  
WE USED 2-3 SUPPLIERS OF ENGLISH GROWN FLOWERS ,BUT QUALITY AND LONGEVITY  
POOR

The price of British flowers needs to come down, I would love to buy more British flowers.

I would like to buy British, but it is very difficult find suppliers

Such a shame it costs so much to have them delivered by courier

It's very hard to get hold of British flowers and they are usually far more expensive than Dutch which seems crazy

People are more confident in buying British

Our locally grown alstroemeria product on our website was a best seller

Can not get them

British flower quality currently is poor

No, but I do use locally grown product
